N-03c

Dear Chief Mayer, I'd like to thank you for allowing Officer Reynolds to participate in last Tues's presentation of 'Safe Driving for Mature Operators.' Officer Reynolds put a lot of fourthought into his presentation which turned out well organized effective and also entertaining.
He spoke of his father and grandfather and how they played a role in his life - especially driving - and talked about his own personal experience with discussing 'taking the keys away' from his Dad.
I hope to have the opportunity to work with Officer Reynolds again. His compassion and professionalism were an asset to our presentation!

Best regards,
Claudia Mills, Home Instead
