Dear Mr. Richnak;

On behalf of the homeowners in Emerald Lakes Village I would like to express our sincerest thanks for the fine job your work crews have done in cutting down damaged trees and removing debris from our neighborhood following the storm last Friday, July 19th.

The phone message residents heard when they called your department was also very informative and appreciated. It was helpful to know what to do immediately and what the City's plan was going forward.

Sincerely,

Kathleen M. Donovan
