Hi Mrs Bokick, 8/31/06

Thank you for all of your wonderful help during this case. Your experience sets a calm stage for all those near you. This was sincerely appreciated.

Also, I rewrote the letter because of the date on the original letter was a couple of weeks earlier in August.

Respectfully,

Rose

Dear Honorable Judge Martone, 8/31/06

Thank-you for hearing my case regarding assault and battery charges at the Alibi last fall, (10/05). The sentencing date was 5/18/06, (case # 05005249).

I really appreciated all of your comments to the defendant, Gary Houghton. Your advice and discussion was direct, fair, educational, and well rounded, (every base was covered). I am a novice in the court room and truly appreciated your leadership.

Anyway, per your court order, G. Houghton was to send a note of apology to my family. My three children still go going to the Alibi, thinking he might next time do something worst. A note about an apology might help them.

Personally, I expected attorney and defendant to apologize right in your court room or the lobby. So I conclude, this zebra will not lose his stripes and continue to live in this world without social boundaries. Can this letter be requested by you and sent to your Probation Department. I would not like the defendant to

know my home address. Also, what do you think about having the defendant send two gift cards from the Alibi along with the letter? They would go to the other outstanding employees of Troy... Kathleen Bobick, (legal assistant), and the Officer Whitehead, (police on the scene 10/05). They were both very professional, helpful, and prompt. What a great team!

Respectfully,

Noreen L. Jacca
