J-03e

Dear Ann Blizzard,

We came from NORTH CAROLINA (Charlotte LAKE Norman) to visit our family, (they live in TROY). It was so hot, we decided to go to the Troy pool.

We were so impressed by all the life-guards! All of them kept their eyes on the pool. It was the most professional group of life-guards we have ever seen!

Then Kevin walked by, and my sister said, "he looks like he's in charge".

So we called him over to our area to inquire about the life guards. He was so nice and professional.

The reason I wrote this letter is because we felt safe and happy, and and Kevin took time to answer a lot of questions. Also, it is a pleasure to see such dedicated young people at work.

Sincerely,
Diane Rae
