Attn. Chief Craft

In my professional and personal life I have known and respected several PO's from a multitude of departments. Comparatively, without exception, your staff has demonstrated a higher standard of excellence.

What makes your officers outstanding is not only their proficiency but their compassion. Regardless of the reason I presented myself this extra kindness was felt and appreciated.

Unfortunetly I'm unable to name everyone I spoke with. In particular I am grateful for the compassion of Officer Himrod. Captain Mayer is deserving if an award exists for this professional standard also.

My highest compliments to you and your department.

Sincerely,
Lynn Crawford
