Dear Mrs Anderson,

I hope you're enjoying this busy time of year. I can only imagine how crowded your work days are!

I'm writing for two purposes today, both good things! First, I really want you to know how helpful Jeff Biegler was to me recently. I'd been having some trash out of the wooded woods @ Sylvan Glen park and needed a pick up of two heavy things. Within 24 hours of talking with Jeff both things were gone. It was very efficient; he was so polite on the phone as well.

I have loved the new fence set up in those woods as well. When Jeff oversaw a few fence repairs a year or so ago he had a gate installed in the woods; that was inspired! I've thanked him for both of those instances, but want you to know, too!

Secondly, I need to let you know how much I'm enjoying playing over 50 softball! I play on Elaine Torinen's Pink Ladies & am having such fun. The women are great, the other teams in the league are very nice & we're having a blast. I really appreciate the breadth of recreational opportunities Troy offers to its residents. Thanks for all the chances to play, participate & recreate.

Lest I forget, Elaine & Mary are doing such a great job w/our team. They've both been tireless in organizing & communicating with all of us. I'm so grateful to both of them and to you, for piloting the ship!

Bethany L. Masshart
