Subject: RE: Sgt. Smith and Officer Andy

Chief Mayer,

Good morning, sir.

I am writing about Sgt. Smith and Officer Andy B. of the Troy Police Department.

Yesterday afternoon, while I was assisting my friend Helen with a problem she had with her car, Sgt. Smith and Officer Andy approached us -during their dinner break- and offered their assistance. The help they provide was invaluable in getting Helen back on the road.

Their good humor, professionalism, and their willingness to help made a tough situation seem like no big deal at all. The assistance they provided, while only taking a few minutes, made a world of difference to Helen and me and we are both very grateful for how they helped us.

The City of Troy, and the law enforcement community at large, can be proud that these two men are in service to the community. I have no doubt they are representative of the kind of men and women that serve the city.

Thank you again Officer Andy and Sgt. Smith, and big 'Thank You' to the City of Troy for having officers like them out of the front lines.

Sincerely,

Bob Gornowich
