To Whom it May Concern:

I recently had the pleasure of working with Detective Tullock in obtaining a warrant and conviction for Nolan Ray George for the 1968 murder of Gwendolyn Perry in the City of Pontiac.

Even though the newspapers repeatedly refer to this as the result of a multi state task force, in reality, the task force was and is Detective Tullock. Detective Tullock not only initiated this investigation but he also encouraged, managed, facilitated and worked this case up until Nolan Ray George was convicted in 2011. From the very beginning, he had to overcome the legal conflicts associated with a 40 year old case and the personal conflicts dealing with often reluctant investigators from three different states.

Even though this was a Pontiac case, Detective Tullock enthusiastically assisted with even the most mundane tasks. This warrant, let alone the conviction, would never have been obtained without Detective Tullock.

On behalf of the many victims of Nolan Ray George, thank you for letting Detective Tullock work this case, and congratulations on having such a competent and tenacious Detective.
