To Whom It May Concern:

Yesterday I had called your dispatch office and explained my situation of having to have got a police officer to fill out and sign an Oregon DMV VIN Inspection form, so Freightliner Corporation could get license plates for 2 semi trailers we have here in Troy. I wanted to express my gratitude for the friendly service that I received from the initial call to dispatcher Stark (I believe that was her name) and from Officer Stacey when he arrived here at ArvinMeritor Inc. I'm sure that everyone had better things to do other than come here to fill out a couple of forms, and I just wanted to say thank you for the service.
