City Council
City of Troy,
To Whom It May Concern,

I am writing because I called the City Hall today concerning the 2009 City of Troy Calendar, & I was informed that it would not be printed this year because of the cost, it not being in the budget for 2009.

I am a senior & I do depend on that Calendar for so much information. It hangs on my kitchen wall & I refer to it so often.

Please rethink not printing our city calendars it is so important to so many of us.

Hopefully,
