June 5, 2005

Dear Chief Craft:

This past week we lost a true treasure – a beloved educator and superb Superintendent of the Troy School District, a true community leader, a charming and lovely lady, and a friend. The glowing tribute from the Troy Police Department was truly written with brilliance, eloquence and unrivalled compassion. It means a lot and goes a long way to healing and understanding God's Will. Your tribute brings extra special pride in my unique position, as a retiree of the greatest police department in the world, and as an elected Trustee for the premier school district in the U.S.

Sincerely

Gary Hauff
