RE: Maple Forest

Dear Jennifer,

I wanted to thank you for your time today. I appreciate your input and information. We intend to use the ideas from our meeting at the Maple Forest project and another we are in the development of a site plan for in the City.

If you come across any other unique ideas that we could use please feel free to forward them to me. As I indicated to you we are always looking for ways to develop our projects in environmentally friendly and innovative ways.

Thank you again,

Brad Byarski
