Mr. Carlisle reviewed how the applicant addressed commercial and residential site plan issues since the last review. He addressed traffic issues and the City’s traffic consultant’s report prepared by Stephen Dearing of Orchard, Hiltz & McCliment (OHM). Mr. Carlisle reported the applicant addressed all outstanding issues with the exception of providing the required 20% site landscaping. Mr. Carlisle expressed support for the proposed project and recommended approval.

**Resolution # PC-2012-08-057**

Moved by: Krent  
 Seconded by: Sanzica

**WHEREAS**, AF Jonna Development submitted an application for a Planned Unit Development, including a 24,000 square foot retail building and a 3,500 square foot bank branch along Big Beaver Road, with 16 single family residential units to the north; and,

**WHEREAS**, The application is consistent with the City of Troy Master Plan; and,

**WHEREAS**, The commercial component along Big Beaver achieves many of the goals of the Big Beaver Corridor Study; and,

**WHEREAS**, The pedestrian amenities proposed by the applicant along Big Beaver provide a significant public benefit by offering a pedestrian style and scale building that can be an example to be emulated along the Big Beaver corridor; and

**WHEREAS**, The residential component serves as a suitable transition between the commercial component and the existing residential neighborhood to the north; and,

**WHEREAS**, The application is compatible with adjacent properties and uses.

**THEREFORE BE IT RESOLVED**, The Planning Commission hereby recommends that City Council approve of the rezoning of the northern two parcels (3128 Alpine and 3141 McClure) from R-1B One Family Residential District to PUD Planned Unit Development, and that these two parcels be included in the proposed PUD; and,

**BE IT FINALLY RESOLVED**, The Planning Commission hereby recommends that City Council concurrently approve the Concept Development Plan (CDP) and Preliminary Development Plan (PDP) approval for the Big Beaver Center PUD.

Yes: Edmunds, Hutson, Kempen, Sanzica, Tagle  
 No: Krent  
 Absent: Schepke, Schultz, Strat

**MOTION CARRIED**

Mr. Krent requested to place a substitute motion on the floor. Ms. Lancaster advised that only a member of the majority vote could place a substitute motion on the floor.

Mr. Krent stated his proposed substitute motion would incorporate the following provisions and read as follows:

**THEREFORE BE IT RESOLVED**, The bank branch is to be located on the east end of the Big Beaver Road property frontage for the following reasons. Its proposed location at the west end of the Big Beaver Road frontage imposes a detrimental traffic impact to the residents north of the project. Additionally, the proposed west location creates a potential traffic hazard between vehicles entering Alpine Road from Big Beaver Road and vehicles exiting the bank drive-through lanes because of the bank’s exit lanes’ close proximity to Big Beaver Road.

***BE IT FURTHER RESOLVED***, The access to the retail parking lot from Alpine Road and the access to Alpine Road from the retail parking lot shall be limited to one curb cut which shall be located at the northernmost end of the retail parking lot to reduce traffic congestion on Alpine Road at the Big Beaver Road intersection. This one curb cut will be a directional driveway that is curved toward Big Beaver Road making it difficult to turn north onto Alpine.

Ms. Lancaster said it appears that flipping or moving the building is a change to the design and advised that it is the discretion of the Board whether the proposed substitute motion is a re-design of the proposed site plan. She said the substitute motion, as proposed, should be open for discussion and is at the discretion of the Board whether the motion should be entertained.

Mr. Sanzica said he recognizes and sympathizes with the concerns expressed by Mr. Krent and respects his interest in the proposed application. Mr. Sanzica said he could not support the substitute motion as proposed because the City's traffic consultant's opinion is in support of the design.

Chair Tagle asked if any member of the Board would support entertaining the substitute motion as proposed by Mr. Krent.

There was no response; therefore, no motion on the table.

The minutes hereby reflect the concerns and reasons for the dissenting vote by Mr. Krent on Resolution # PC-2012-08-057.
