

## CITY COUNCIL REPORT

---

Date: September 4, 2012

To: Michael W. Culpepper, Interim City Manager

From: Mark F. Miller, Director of Economic & Community Development  
Steven J. Vandette, City Engineer

Subject: "Limited" Right Turn from Big Beaver to Daley and Rochester to Hartland

---

The Engineering Department conducted a mail poll of residents on Boyd, Hartland, Daley and Baker Court at the request of a resident on Boyd Street. The mail poll was included with the notice sent to properties notifying them of the upcoming road resurfacing project in their area. A copy of the letter and the mail poll card is attached. There were two (2) Yes/No questions asked:

1. Would you support the installation of a NO RIGHT TURN sign on **BIG BEAVER at DALEY** prohibiting right turns Monday – Friday, from 7:00 a.m. to 9:00 a.m. and 2:00 p.m. to 4:00 p.m., School days only.
2. Would you support the installation of a NO RIGHT TURN sign on **ROCHESTER at HARTLAND** prohibiting right turns Monday – Friday, from 7:00 a.m. to 9:00 a.m. and 2:00 p.m. to 4:00 p.m., School days only.

Cards were mailed out on July 31, 2012 and were due back to the Engineering Department on August 31, 2012. Two hundred fifty nine (259) mail poll cards were sent out to owners and occupants. There were ninety three (93) responses to the questions as summarized below:

1. Big Beaver at Daley
  - a. Yes – 28
  - b. No – 65
2. Rochester at Hartland
  - a. Yes – 31
  - b. No – 61

Attached are the mailing list; an aerial delineating the responses received; and a summary of the responses received.

The majority of residents that responded to the mail poll did not support the installation of no right turn signs at either location.

**TO: Residents on Baker, Boyd, Daley, Hartland and Urbancrest**  
**RE: Section 23 Road Resurfacing – Contract – 12-6**  
**DATE: July 31, 2012**

Asphalt resurfacing work on Boyd, Daley, Urbancrest and Hartland west of Daley is anticipated to start the week of August 6, 2012. Inconveniences will occur during construction but all streets and driveways will remain open. There will be times, however, when the contractor will close lanes, shift traffic and close driveways for short durations during construction. Temporary No Parking signs will be placed on the road the day before operations that require full access to the road surface and will be removed once that operation has been completed.

Minor traffic disruptions should be expected while milling (grinding) operations, priming and paving are done on each road. After the primer (liquid tar) has been placed we recommend staying off the road until asphalt has been placed. The primer is a bonding agent, which looks like wet paint when applied and is very difficult to remove from your vehicle. The asphalt overlay is then placed at extremely high temperatures, 270-300 degrees Fahrenheit, and may cause serious burns or injuries. Care should be taken at all times when near newly placed asphalt until sufficient time has passed for the asphalt to cool and set up. Generally, after the rolling operation, traffic may drive on the newly paved asphalt within one to two hours, depending on weather conditions.

Since children are naturally attracted to construction projects, we are asking for your assistance in keeping children away from the construction project. Activities such as roller blading and skate boarding should never be allowed in or around construction areas.

---

The City is also conducting a mail poll of residents in the area to gauge their interest in a resident request to prohibit right turns from Big Beaver to Daley as well as Rochester to Hartland during limited hours in the morning and afternoon on school days only. Enclosed is a post card on which you can indicate your support for or against placing a NO RIGHT TURN sign on Big Beaver at Daley and/or Rochester at Hartland which would prohibit right turns during the hours of 7 a.m. to 9 a.m. and 2 p.m. to 4 p.m., Monday through Friday, school days only.

**Postcards are to be returned by August 31, 2012.** The results of the mail poll will be used to make a decision on these requests. In addition, in order to place a traffic control sign, a Traffic Control Order must be approved by Troy City Council. Supplementary approval is also needed from the Road Commission from Oakland County (RCOC) for any signs on Big Beaver as it is a County Road. Signage on Rochester Road can be approved by the City.

If you have any questions or concerns, please contact me at (248) 524-3387 or email at: [HuotariWJ@troymi.gov](mailto:HuotariWJ@troymi.gov) .

Thank you for your patience and cooperation,

*William J. Huotari*

William J. Huotari, PE  
Deputy City Engineer/Traffic Engineer

**“Limited” No Right Turn from Big Beaver to Daley and Rochester to Hartland**

Please place an "X" in one of the boxes below, fill out your name, address, date and any comments you may have and return this card by **August 31, 2012**.

**YES**, I would support the installation of a NO RIGHT TURN sign on **BIG BEAVER at DALEY** prohibiting right turns Monday – Friday, from 7 am to 9 am and 2 pm to 4 pm, School days only.

**NO**, I would not support changes at **BIG BEAVER and DALEY**.

**YES**, I would support the installation of a NO RIGHT TURN sign on **ROCHESTER at HARTLAND** prohibiting right turns Monday – Friday, from 7 am to 9 am and 2 pm to 4 pm, School days only.

**NO**, I would not support changes at **ROCHESTER and HARTLAND**.
