Subject: Thank you for your report on Troy

Mayor Daniels, thank you very much for your state of the city address this evening. You did a great job. I didn't get a chance to speak with your son after your address, but please pass along my thanks for his service. I support and pray for his safety and that of all our troops.

Thank you for your service and support to Troy, and I hope the majority of voters will support you in November. You have the 2 votes from this household :).

Doug Ruffley
