Mayor Daniels,

Thank you so much for attending the Light The Night Walk on Saturday. We appreciate having your support, as well as the City of Troy's support, to host our event. We've had a wonderful experience working with the city and we appreciate you giving a warm welcome to our walkers on Saturday.

Also, the three police officers assigned to work at our event were AMAZING! We heard such wonderful feedback from all of the staff that worked with them at the Walk. They went above and beyond to help us out along the route as well. If you have the opportunity to thank/recognize them for their excellent customer service, we would love that.

Thanks again,  
Stephanie
