Troy, MI

To Whom It May Concern:

I am 76 years old and live alone at 4727 Riverchase Drive in Troy; last night my burglar alarm went off at approximately 11:30 PM. Through the alarm company you were contacted and promptly responded. As it turned out it was a false alarm due to an alarm sensor that went bad.

I want to express my appreciation to all the officers that responded; they were indeed needed to allay my fears and confirm that the house was secure.

Again thank you very much.
