Jeanette Bennett, Purchasing Director
Carol K. Anderson, Parks and Recreation Director

Subject: **Agenda Item** - Standard Purchasing Resolution 1: Award To Low Bidder – Mosquito Control

RECOMMENDATION

On February 10, 2006, bid proposals were opened to provide one-year requirements of mosquito control in the City's residential curb storm drains. After reviewing these proposals, City management recommends awarding the contract to the low bidder, Invaders Pest Control of Lincoln Park, MI for an estimated total cost of \$19,500.00 at the unit price contained in the attached bid tabulation expiring December 31, 2006.

The award is contingent upon contractor submission of properly executed bid and contract documents, including insurance certificates and all other specified requirements.

SUMMARY

This contract covers the annual application of larvicide mosquito control to 6,000 residential curb catch basins.

The sumps of these basins provide an ideal breeding ground for *Culex pipiens*, the mosquito most commonly associated with West Nile Virus. The application of an insect growth regulator in the form of a product called Altosid XR Briquets with an effective life of 150 days has proven to be an effective means of control.

BUDGET

Funds for this project are available through the Department of Public Works Storm Sewer Fund for Insect Control, Account #517.7802.160.
