

March 10, 2006

TO: John Lamerato, Acting City Manager

FROM: Brian Murphy, Assistant City Manager/Services
Steven Vandette, City Engineer 

SUBJECT: Agenda Item - Act 51 Mileage Certification for 2005

In accordance with the guidelines for adding and deleting streets to the annual road mileage certification for cities and villages, the following platted and non-platted streets require a resolution-accepting jurisdiction of the street from our governing body.

The following local streets within their respective platted subdivisions require a resolution:

Country Ridge	Wyngate of Troy
Firestone	Wyngate of Troy
New Castle	Wyngate of Troy
Wyngate	Wyngate of Troy

Non-platted streets require a centerline description for mileage certification. Engineering is currently working on these descriptions and they will be submitted to the state along with our resolution. The following non-platted streets require a resolution-accepting jurisdiction:

Amberwood	Maplewood Site Condominiums
Norway	Maplewood Site Condominiums
Dryden	Chesapeake Grove Site Condominiums
Mayapple	Chesapeake Grove Site Condominiums
Timbercrest	Timbercrest Site Condominiums
Ashton Court	Hidden Forest Site Condominiums
Gunston Court	Hidden Forest Site Condominiums
Mesa	Hidden Forest Site Condominiums
Mirage	Hidden Creek Site Condominiums
Jefferson	Stone Haven East #2 Site Condominiums
Langston	Lot Splits

The City of Troy's allocation of Michigan Transportation Funds is based on the number of miles of road under City jurisdiction. All of the above-listed roads are under control of the City, open for public purposes, and are being maintained by the City. It is important that the foregoing roads be added to the Act 51 mileage report so that transportation funds can be properly allocated to the City of Troy.

Decertification of streets no longer open to the public also requires a resolution. The following streets still appear on our Act 51 map and have been closed for some time.

N. Eton Rd
Miner
