BACKGROUND

Included in the specifications for the auction contract is the ability of our auctioneer to take the City's auction items to other auction locations. Mid-Thumb Auctioneering, LLC suggested using the City of Rochester Hills, 6841 North Rochester Road, Rochester Hills, Michigan. All transportation, reporting, and advertising are included in the auction fee.

Resolution #2004-02-075 established the auction fee of 5% and provided approval to use BidCorp with the provision that other on-line auction service options would be considered. BidNet moved forward and implemented the on-line surplus auction service for MITN (Michigan Inter-governmental Trade Network), which can be accessed through the City of Troy home web page. MITN is Purchasing's official e-procurement website used for posting bids, tabulations, quotations, and award information. It was a Purchasing goal that one e-procurement site would be operational for all functions.
