Dear John,

I would like to express the Institute's appreciation for your time and effort serving as a Review Panel member for the production of the "Transportation Impact Analyses for Site Development: An ITE Proposed Recommended Practice." This publication is now available for purchase through the ITE Bookstore at <http://www.ite.org/bookstore>.

Your service to ITE as a Review Panel member was critical in preparing this document. We appreciate your input, as we believe this publication will be a major contribution to the transportation profession.

Sincerely,

Lisa Fontana Tierney
Senior Director, Technical Projects
