Troy Police Department

From: Ken Aud  
Area Manager  
Oakland County  
Michigan Department of Corrections

Dear Ed,

I am sure by now you are aware of the success our combined Teams experienced during the Inter-County Enforcement (ICE V) project from 1-25-06 to 1-27-06.

Some of my parole and probation Agents along with Supervisor Kathleen Shampo were teamed with Officers from the Troy Police Directed Patrol Unit commanded by Sgt. John Schaufler.

During the three days 125 compliance check home calls were conducted on active felony offenders in the Oakland area. Assaultive and sexual offenders were targeted. I took part in the project myself and cannot begin to tell you how valuable these checks are in assisting us in protecting the citizens of our county.

Troy Police confiscated 17 guns from the homes of offenders. They conducted 2 arrests of parolees, one a parolee serving for Armed Robbery who had 2 loaded revolvers in his home. The assessment of the risk posed by an offender in the community is much easier for me with this type of information. The quality of these home checks was outstanding.

Your Officers conducted themselves professionally and were tactically sound. It is only with their assistance and commitment that my Agents were able to participate in this project. I view this as another example of our continuing partnership for which I thank you and ask that you pass along my thanks to your excellent staff. In particular, John Schaufler and Mike Giorgi worked tirelessly over the 3 days.

I look forward to future joint projects as well as our continuing Nighthawk program in your community.

Regards,

Ken
