To: Troy Fire Department

Today, Ms. Karen Lawson visited my classroom to speak to my Kindergarten children about fire safety. She brought her coat, helmet and boots...which the children found fascinating! Her talk on fire safety was informative, interesting and covered a wide range of fire safety issues that 5 and 6 year olds could relate to and practice. We appreciate Ms. Lawson spending two hours of her own time being "of service" to the children of our school.

Thank you!

Mrs. Deborah Barczyk
