Subject: Thank You

Andy,

I just wanted to thank you for speaking at our homeowner's association annual meeting today. It was comforting to hear that Westwood Park continues to enjoy a very low rate of police intervention. And, I believe, the number of questions and general discussion indicated a high level of interest to our residents.

I scanned your handout and sent it to all our residents who were not able to attend the meeting.

P.S. I have been forwarding your weekly Crime Alert to our entire email list since you began this service.
