TO: John Szerlag, City Manager

FROM John M. Lamerato, Assistant City Manager/Finance and Administration

SUBJECT: City of Troy Investment Policy and Establishment of
Investment Accounts

The current investment policy was initially approved in November 1999 and each year thereafter with the stipulation that it be reviewed and approved annually by City Council.

The current policy has served us well during the past year and is in compliance with Act 20 PA 1943, as amended, therefore I'm not requesting any changes at this time and recommend that the City Council approve the City of Troy investment policy for another year.

I would also like to update our resolution authorizing the establishment of investment accounts at the following institutions: Charter One, Citizens Bank, Comerica Bank, Fifth Third Bank, Flagstar Bank, Huntington National Bank, Independent Bank, JP Morgan Chase Bank, LaSalle Bank, Merrill Lynch, Michigan Class-MBIA, Michigan Heritage Bank, Mischler Financial Group, National City Bank, Republic Bank, Salomon Smith Barney, TCF Bank, and The Private Bank.

CITY OF TROY INVESTMENT POLICY
To Comply with Act 20 PA 1943, as amended

Purpose: It is the policy of the City of Troy to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow needs of the City and comply with all State statutes governing the investment of public funds.

These assets are accounted for in the various funds of the City and include the general fund, special revenue funds, debt service funds, and capital project funds (unless bond ordinances and resolutions are more restrictive), enterprise funds, internal service funds, trust and agency funds, and any new fund established by the City.

Safety – Safety of principal is the foremost objective of the investment program. Investments shall be undertaken in a manner that seeks to insure the preservation of capital in the overall portfolio.

Liquidity – The investment portfolio shall remain sufficiently liquid to meet all operating requirements that may be reasonably anticipated.

Return on Investment – The investment portfolio shall be designed with the objective of obtaining a rate of return throughout the budgetary and economic cycles, taking into account the investment risk constraints and the cash flow characteristics of the portfolio.
