Good morning, Mr. Nelson:

Congratulations for your new position!

I am writing to praise a good employee of yours, Mr. Lance Oakley, at Engineering Dept. On a Saturday two weeks ago, we got a notice regarding the erosion measure violation. We fixed the problem on the same day, and attempted to call the number for inspection. Unfortunately, the mail box was full. So on the following Monday morning, I went to the city and met with Mr. Oakley. After he learned that we had sprinkler company scheduled to work on the very next day, he came to inspect right away and removed the notice. Because of his hard work, his thoughtfulness, we were able to install the sprinkler and sod in short time. We really appreciate his good work!

Wish you best with your new job!

Sincerely,

Ping Wang
4896 River Bank Ct.
