Dear Chief Craft:

On January 29, 2007, your department hosted an Active Shooter class and graciously extended an invitation to our instructors. Sergeant Michael Bjork's classroom presentation on the Beslan school terror siege and recent school shootings was appreciated. Officer Carl Barton and Officer Craig Fitzpatrick successfully demonstrated proper law enforcement response to an active shooter as well as provided us with practical training scenarios. Our instructors found the training to be useful and well taught.

Please express our thanks to your trainers.

Sincerely,

Robert L. Corso  
Special Agent in Charge
