Steve,

On behalf of the newlyweds, Jaclyn & Bryan Jones her parents, Lynda & Keith Meadows, his parents Lisa & Mike Jones, I just wanted to say Thank You for all your help with letting me know about the construction projects in Troy with regards to the movements of all our out-of-town guests and especially the Limo for their wedding. Everything went off without a single issue.

It was not only a day to be the proud father of the groom but it was also a day to be a proud member of Big Beaver United Methodist Church and a proud resident of the City of Troy. It was wonderful to have people such as yourself, members of our church, and employees of the Troy Marriot, go out of their way to make my son's wedding day a truly spectacular event!

Thank you very much,
Mike Jones
