Hello Brian my name is EJ SWANSON I live at 668 Jamaica Dr. our home was affected by the Troy flooding/sewage back up several days ago. Within the chaos I'm sure you've got several emails with people being displeased. Today on the other hand **I would like to offer a word of thanks and appreciation.** I completely understand that sometimes mother nature takes over and we're not able to control backups and things of such nature. I want to say thank you for expediting the removal of all the trash along the front of my yard as well as the knowledge the city of Troy is working very hard to help each of the residence affected. Our home was hit very hard almost 3 feet of water in our fully finished basement with \$20-\$30,000 worth of damage. I'm a pastor at Woodside Bible at our Troy campus and many of our other members at out other campus were affected as well (royal oak and warren) but their cities are definitely not responding in the way that Troy has been. Today I am overjoyed that I'm Troy resident I'm thankful for you and all your team and what you're doing! God bless you!
