Chief Charles T. Craft
Troy Police Department
Troy, MI 48084

Dear Chief Craft:

Thank you for allowing me the opportunity to participate in your internship program. I feel that it has helped me decide what type of career I want to pursue in law enforcement. Riding along with your officers and being apart of your department has taught me more in 40 hours than many weeks in a classroom.

I appreciate the time that you and your officers took to show me what it's like as a police officer at work. I now know this is something that I am extremely interested in doing as well as looking forward to.

Thank you again for you and your departments time allowing me to be apart of your internship program.

Sincerely,

William R. McNabb Jr.
