Good Evening Mark,

There was no way I was going to have my day end without dropping you a note.

Mark, as I mentioned during our call and today in our meeting, I have been the City of Troy's biggest vocal advocate sharing with other business leaders the warm welcome we have received by you and your staff from our first day of residency to guiding us as we have worked through our renovation plan. As business owners investing millions in City of Troy it has been extremely helpful to have your guidance and support. Yesterday you took your care for business owners to the next level, when you left in your message to "feel free to call up to 10pm."

I recognize you adjusted your schedule to come to our office as well as coordinate with Brent and Glenn so we could meet quickly, never an easy thing to do with busy schedules.

While the Planning Commission meeting was clearly disappointing I will remain hopeful as a result of your guidance and support we can efficiently get to the other side of the areas of concern.

I want you to know I value you for your support and partnership.

Best regards,

Jill
