June 24, 2007

Dear Officer Harrison:

Thank you so much for taking your time to present a Power Point Presentation to our group. Your information was both interesting and thought provoking. The handout you brought was warmly received and the few we had left at the end of the evening, we will keep for a packet that we provide for new residents.

We all felt prouder of our City and had greater confidence in our Police Department getting to know one of our officers face to face. Many people commented on your wit which enhanced a subject that can be worrisome. I have already signed up for the Crime Alert.

Again, we appreciate your hard work and giving up some of your precious evening to speak to Wattles Creek residents.

Sincerely,

A handwritten signature in cursive script that reads "Janet Martin".

Janet Martin  
Secretary Wattles Creek Condominium Association
