CITY OF TROY  
 CITY MANAGER'S OFFICE

Dear Mayor Schilling and City Council:

I would like to take this opportunity to let you know what a wonderful Michigan Association of Municipal Clerks Conference your City hosted last week at the Troy Marriott Hotel.

I realize that the Conference Committee worked very hard on this event, but it wouldn't have been the success it was without the never-ending assistance of Tonni Bartholomew and Barbara Pallotta. These two women worked diligently to guarantee a wonderful time was had by Clerks statewide. I heard nothing but positive comments from those who attended the conference.

As President of the Oakland County Clerks Association, I would also like to commend the Troy Police and Fire Departments for their assistance with the Reception held on Tuesday, June 26<sup>th</sup>, at your Aquatic Center. The firemen, especially Mike Leavitt, did an excellent job grilling the hamburgers and hotdogs that were served to the Clerks and their families. After the event, they all helped to take down the tables and chairs, which was very much appreciated after a long, hot day. Also, everyone enjoyed the demonstrations of the Police cars and equipment.

I'm sure you are very proud of the men and women who work for the City of Troy, especially Tonni, Barbara and Mike. Congratulations to all for a wonderful conference!

Sincerely,

*Cathy Buck*

Catherine Buck, CMC  
 City Clerk
