Troy, MI 48084

Dear Capt. Murphy,

Thank you for allowing our Automotive Corporate Security Group the great opportunity to have Sgt. Kowalski present to us a briefing on the tragic incident that took place in Troy on April 9, 2007. This workplace violence event touched many of us from a private sector business perspective and it was a valuable experience to hear Bob give us a synopsis of your department's activities surrounding this incident. He did an outstanding job, and opened the door to tremendous roundtable discussions on this topic. It's always a pleasure to work with Bob!

Again, Thank You for the privilege of this presentation and for all the fantastic cooperation you and the Troy Police Department offer me and my company.

Sincerely,

A handwritten signature in black ink, appearing to read "John Reynolds".
