

CITY COUNCIL ACTION REPORT

July 19, 2007

TO: Phillip L. Nelson, City Manager

FROM: Brian P. Murphy, Asst. City Manager/Economic Development Services
 Susan A. Leirstein, Purchasing Director *pol*
 Gert Paraskevin, Information Technology Director *GP*
 Steven J. Vandette, City Engineer *SV*

SUBJECT: Standard Purchasing Resolution #7
 Proprietary Maintenance Service Contract – Bentley Systems, Inc.

Background:

- The City of Troy uses Microstation software (computer aided drafting program) for our civil design and computer aided drafting (CAD) needs.
- Microstation is used by eight (8) city departments.
- Other software used exclusively by the Engineering Department for survey work and sewer design includes InRoads, InRoads Survey, PowerSurvey and InRoads Storm and Sanitary Sewer.
- Bentley Systems, Inc. is the manufacturer of all of the above software and the sole provider of maintenance.
- The maintenance service contract for this software is purchased directly from Bentley Systems, Inc.
- The contract provides the city with twenty (20) flexible licenses to utilize the software.
- Maintaining twenty (20) licenses provides a nine (9) percent volume discount and allows up to twenty (20) users to utilize the software.
- The annual cost for the maintenance service contract is \$18,687.50, which is the same as the previous contract approved by Resolution #2005-07-326-E-1b.
- The maintenance service contract includes all software fixes, updates and technical support through July 13, 2008.

Financial Considerations:

- Funds are included in each department's 2007/08 operating budget per the number of individual copies used by that department.

Legal Considerations:

- There are no legal considerations associated with this item.

Policy Considerations:

- Minimize the cost and increase the efficiency and effectiveness of city government. (Goal II)
- Effectively and professionally communicate internally and externally. (Goal IV)

Options:

- It is recommended that City Council approve the Proprietary Maintenance Service contract with Bentley Systems, Inc., 685 Stockton Drive, Exton, PA 19341 for an estimated total cost of \$18,687.50 to provide software maintenance for Microstation, InRoads, InRoads Survey, PowerSurvey and InRoads Storm and Sanitary Sewer software through July 13, 2008.

Prepared by: William J. Huotari, Deputy City Engineer
