Dear Mr. Kischnick:

On behalf of Oakland Community College, I am pleased to notify you that two companies located in the City of Troy have been approved by OCC for funding through the Michigan New Jobs Training (MNJT) program. The MNJT program will provide training funds to support an anticipated 192 new positions through December 2018.

<u>Company</u>	<u>Award Amount</u>	<u>New Jobs</u>
Total Quality Logistics	\$250,000	80
Mahindra North America	\$250,000	112

The MNJT program enables companies working with community colleges to divert the Michigan state income taxes of new employees to provide training and education for new positions. Since 2011, Oakland Community College has awarded more than \$10 million in training incentives to 17 businesses in Oakland County.

We are proud to support the training and educational needs of local businesses in Oakland County through this unique incentive program, which enhances the economic development and well-being of our county and region.

When we say "Community is our middle name," we mean it!

Sincerely,
