Subject: Standard Purchasing Resolution 4 - NJPA Purchasing Cooperative – New 2015 Case CX36B Mini Excavator

### **History**

The Streets and Drains Division is responsible for the maintenance of the city's roads and drain systems. The maintenance requires specific types of equipment to perform individual tasks. Excavators are used to remove concrete or asphalt, dig or remove earth to make infrastructure repairs, and used to backfill earth and make restorations to disturbed areas. Part of these tasks also includes maintaining open drains. Several open drains in the City of Troy have impeded flow because of the overgrowth of vegetation. This requires the Streets Division to remove the vegetation and reshape the drain for positive water flow. A large mower attachment for an excavator allows the Streets Division to reach remote areas or areas with steep embankment for maintenance purposes.

### **Purchasing**

- Case is the awarded low bidder from the NJPA Purchasing Cooperative Contract #032515.
- Southeastern Equipment Co., Inc is an authorized dealer for Case and participates in the NJPA contract process.
- The Bradco FME30 Mower attachment being recommended to purchase is based on the required retrofitting of the mower attachment to the excavator. Southeastern Equipment Co., Inc. is also the authorized Bradco dealer in Michigan for this mower attachment.
- Detailed quotes are attached.

### **Financial**

Funds for the purchase of the Mini Excavator Case CX36B and the Bradco FME30 Mower Attachment are available in the Streets Major Road Capital Equipment Fund. The Project# is 20160022.

### **Recommendation**

City management requests authorization to purchase a Case CX36B with 12", 24", and 36" digging/ditching buckets from the low bidder *Southeastern Equipment Co., Inc, of Novi Michigan* through the NJPA Cooperative Contract# 032515 for a cost of \$57,429.83 and to also purchase a Bradco FME30 Flail Mower from *Southeastern Equipment Co., Inc, of Novi Michigan*; the authorized Bradco dealer in Michigan for a cost of \$9,464.00 for an estimated grand total cost of \$66,893.83.
