2015 CITIZENS POLICE ACADEMY A SUCCESS. AS THE COMPILATION
OF THANK YOU'S FROM THE ATTENDEES SHOWS IT IS VERY
APPRECIATED.

Jay

CITIZENS POLICE ACADEMY - THANK YOU NOTES RECEIVED

Chief Mayer: I just completed the Citizens Police Academy and wanted to thank everyone involved. It was such a wonderful experience with a great group of people. I feel safer in Troy knowing we have quality people dedicated to keeping the city safe. Special thanks to Jason Strasz for letting me sit in with him in Communications, and Officer Steve Triner who let me ride with him. It was all such an enjoyable experience. Thank you. Patty Bedard

Chief Mayer: I just completed my participation the in the Citizens Police Academy classes. I felt compelled to express my gratitude to you and to everyone who was involved. All of the events were very well organized and the hospitality was amazing. We were made to feel like royalty. The patrol car ride-along continued my enthusiasm for the program. I rode along with Officer Melissa Raymer and found her to be a very pleasant person. She certainly made the experience enjoyable and quite informative. Thank you again. Ken Christensen

Dear Folks, my wife and I would like to THANK YOU for all your efforts and time in supporting the 2015 Fall Class of the Troy Citizens Police Academy. In addition, I really appreciate how nice you were to my wife. She has commented often how much she enjoyed this class. As you know, my wife is struggling with some health issues. She unfortunately missed the last class due to being hospitalized (almost 3 weeks). However, while hospitalized and since discharged she has often mentioned how much she enjoyed the class and "how much it meant to her". THANK YOU VERY MUCH and please extend our appreciation to all at Troy PD who contributed to this class. At our Thanksgiving table we will give thanks for all that you do in protecting and serving the citizens of Troy. God Bless. Ralph & Jan Klumpp

Chief Mayer: Just a thank you to say how much I enjoyed and benefited by participating in the 2015 Troy Citizens Police Academy. It was really very educational and interesting to see all the activities necessary for the Department, and how well the duties are performed. There were so many friendly and patient officers that I can't name them all. However, we did see Lieutenant Gordon and Sergeant Satterfield almost every week, who were informative, friendly and tolerant of our questions. Also, my ride-along was more than I could have hoped for. Officer Tharrett was both professional and personable the entire time. I'd also like to thank Pat and Terry for all their organizational skills, their friendly smiling faces week in and week out, the emails, and the photography. I'll never forget holding and shooting the handgun, and I definitely never want to be TASERed. Thanks again to all who made the Academy possible. Joy Stockamp

Chief Mayer: Thank you for the opportunity to attend the 2015 Citizens Police Academy. It was most informative. Everyone was pleasant and considerate. The patrol ride was very interesting. Thank you again. Pat deSatnick
