Chief Gary Mayer
City of Troy
500 W. Big Beaver
Troy, MI 48084

Dear Chief Mayer:

I was called to the scene of a minor traffic accident that my grandson was involved in. The accident was on I- 75 southbound around the Oakland Mall. The autos and my car were parked on the shoulder of the fast lane which was a very dangerous spot.

A police officer and a police service aide were on the scene. They wrote up the report and issued a ticket to my grandson. I want to compliment you officers for their professional demeanor. They acted respectfully and politely and performed all their duties as I would have expected.

At the end of the incident they were kind enough to get two vehicles safely across I-75 to the exit during peak rush hour traffic.

Unfortunately I do not know the people involved but I want to compliment you on the way they carried out their duties. Thank you.

Very truly yours,

John Uberti
