To The City of Troy Police Department

Saturday May 21, 2016, was my first time attending your Open House to the Public. I was so impressed with the program and education that was learned from your entire staff. The building tour was awesome! A great experience that will be remembered for a very long time. All the officers, staffers were just grand! The K-9 performances – very spectacular! I haven't stopped talking about this experience.

Troy has the best Police force and employees with great personalities keeping our city safe. You are to be congratulated for all your hard work, constant training, in dealing with every day crisis. After attending this event it really gives a person a real perspective on how special you all are! I have much respect for our good people in uniforms.

Again, a big thank you for that special day open to the public.

Very sincerely,

RoseMarie Portaro

Troy, MI 48084
