

September 15, 2005

TO: John Szerlag, City Manager

FROM: William S. Nelson, Chief of Fire Department *WSN*  
Gary G. Mayer, Captain, Police Department *GGM*

RE: Update – Hurricane Katrina Relief Efforts

Please allow this memorandum to serve as an update to the September 6, 2005 memo of the same title.

The Michigan State Police/Emergency Management Division continues to coordinate the law enforcement response pursuant to the Emergency Management Assistance Compact. Based upon previous direction by the Michigan State Police for assistance, the Police Department prepared a platoon comprised of one sergeant and five police officers for deployment when requested.

On September 14, 2005 the Police Department received notification that the Michigan Contingent will suspend operations on September 15, 2005. There are no plans to send a second wave of officers to either Louisiana or Mississippi. Further requests for law enforcement assistance are possible.

The Fire Department has received notification that there is no need for fire operations assistance at this time. All planning for potential deployment has been canceled.

We will continue to keep you notified as to significant changes.
