Subject: Troy High Cross Country Team Morning Practice

Chief Mayer,

I am the parent to two Troy High Cross Country runners. I wanted to convey my thanks to the officer who was patrolling around Troy High on Friday, September 16 when the team had practice before school. The officer kept an eye on our runners and checked in with the coaches.

The kids love the early morning runs, but 80 kids running in the dark can be more than a little stressful for parents and coaches. Having the officer in the area really helped put our minds at ease.

Thanks to you and all your officers for keeping Troy safe and fostering a strong community.
