Brian,

As you know, we held the first Global Troy Advisory Committee Meeting last night. I want you to know that Eleanor was the star and she is totally responsible for forming this elite group of residents. Without her hard work and dedication to this project, it would not have come together as this first class committee. Every member of the committee is committed and Eleanor did a an outstanding job of vetting the applications and making my job very easy.

I am proud to chair this committee, I see great potential and as usual, I get to reap the benefits of your outstanding staff. I just can't say enough about the great job that Eleanor did to make this committee a success.
