Subject: RE: crooks road

Bill,

I just wanted thank you, Jennifer and all those involved for the wonderful job that's been done for the residents who live along the Crooks Road widening construction project in general and for myself in particular. The project has been ongoing for over 2 years now. I understand the widening was necessary, and as a contractor myself I realize the headaches that go along with it. You have both been very responsive and professional, and the restoration work was delivered even better than promised. My wife and I are proud to reside in a city where responsible & responsive government still exists.

Keep up the great work!!
