Chief Gary Mayer
Troy Police Department
500 West Big Beaver Road
Troy, MI 48084

Dear Chief Mayer,

On behalf of the Auburn Hills Police Department, please accept my sincere appreciation for the assistance we received from the Special Investigation Unit (S.I.U.) in connection with our attempt homicide case on January 15, 2013.

When we determined that we need SIU's assistance we contacted them in the middle of the night and received a quick response. A briefing was given to the SIU members along with some intelligence data that had been gathered. SIU was in Flint in the area of a possible suspect address shortly after being contacted. After just a few hours of surveillance SIU arrested the suspect without incident he left his residence. This arrest brought our case of attempted homicide to a closure in less than 14 hours.

The Special Investigations Unit has proven to be a tremendous resource for our Departments and a great example of cooperation between law enforcement agencies. I am personally grateful for this unit's professionalism and dedication.

Sincerely,

Doreen E. Olko
Director of Emergency Services
