

April 22, 2013

Dear Aileen;

On behalf of the Friends of the Troy Public Library, The Troy School District and The League of Women Voters-Troy Area, we want to thank you for your participation in our partnered program "Get Gov-Understanding Troy's Local Government."

Your presence and experience on our esteemed panel was a valuable contribution of fact sharing and wisdom about Troy's local government to students and citizens of our community.

Getting students involved and interested in their local government is not only important for the young adults who will benefit from this program, but also for the future of Troy. Civic interest and involvement is a vital part of making our city great. We sincerely appreciate your setting an example for them with your public service and your knowledge.

Thank you.

A handwritten signature in black ink that reads "Rhonda Hendrickson".
