CITY OF TROY
CITY MANAGER'S OFFICE

Dear Mr. Szerlag,

I am writing to "Thank you" for responding so quickly to the water drainage problem that was affecting my property. After talking to Brian Murphy, things moved very quickly. There was a crew out to the area where the water was coming from and they successfully diverted the water into a drainage culvert.

I can begin cutting my lawn again in the area where it was flooded.

I really appreciate the job done by you and the staff at the City of Troy.

Please pass my "**Thank you**" on to everyone who helped solve this problem.

I am so very happy that I live in Troy (5 th Generation here).

Yours truly,

Harriet Barnard
