SUBJECT: **Agenda Item** – Standard Purchasing Resolution 1: Award to Low Bidder – Portable Radio Maintenance and Repair

RECOMMENDATION

On July 11, 2005, bids were opened for a three-year contract, with an option to renew for one additional year, for portable radio maintenance and repair. City management recommends an award be made to the low bidder, Cynergy Wireless of Troy, MI, for an estimated total three-year cost of \$26,550.00, or \$8,850.00 annually plus parts with discounts of 10%, at unit prices contained in the attached bid tabulation. The contract will expire July 31, 2008.

The award is contingent upon contractor submission of proper contract and bid documents including insurance certificates and all other specified requirements.

SUMMARY

The Police Department, Fire Department and Department of Public Works require maintenance and repair of their inventories of portable transceivers. The radios are used in the field for both routine and critical communications. A single local vendor with qualified technicians guarantees prompt radio repair and return to service.

BUDGET

Funds are available for this service contract from various departmental operating budgets for Communications (7850).
