**Subject:** Reference Planning File No:Z-732 Wattles Office Complex

To,  
Planning Commission  
Troy

Herewith We strongly oppose this proposal of Wattles road Rezoning from Residential to office Building, This property is right behind our property, and we were told by builder that the property behind us will be used to built the condo, otherwise we would have not bought this house at first place.

There are several reasons for us to oppose this proposal,

\*Our children will be exposed to lots of strangers, as this is right behind our house, as economy is down this office complex can be used for any kind of business, which could bring, noise, crime, vulgerness.

\* Our privacy will hampered, jeoperised.

\*Our house value will go further down, as we work so hard to pay the morgage for this house in this kind of economy, it will hurt us financially.

So we request you, not to pass this proposal.

Thank you,

Rajeev Tiwari
