

DATE: July 20, 2005

TO: John Szerlag, City Manager

FROM: Douglas J. Smith, Real Estate & Development Director  
Mark F. Miller, Planning Director

SUBJECT: AGENDA ITEM – ANNOUNCEMENT OF PUBLIC HEARING (AUGUST 15, 2005) – REZONING APPLICATION – West side of Rochester Road, North of Creston, between Long Lake and Trinway, Section 10 – R-1C to R-1T (Z 705)

**RECOMMENDATION**

The proposed rezoning is consistent with the Future Land Use Plan and the proposed zoning district is consistent with abutting uses and zoning districts. The Planning Commission recommended approval of the rezoning request at the June 14, 2005 Regular Meeting. City Management recommends approval of the rezoning request.

**GENERAL INFORMATION**

Name of Owner / Applicant:

The owner is Delores Khatami. The applicant is Fadi Nassar.

Location of Subject Property:

The property is located on the west side of Rochester Road and north side of Creston, between Long Lake and Trinway, in section 10.

Size of Subject Parcel:

The parcel is approximately 29,040 square feet in area.

Current Use of Subject Property:

A single family home presently sits on the property.

Current Zoning Classification:

R-1C One Family Residential District.

Proposed Zoning of Subject Parcel:

R-1T One Family Attached District.

Proposed Uses and Buildings on Subject Parcel:

The applicant proposes to construct a 5-unit condominium development on the property.

Current Use of Adjacent Parcels:

North: Vacant.  
South: Office and retail.  
East: Single family residential.  
West: Single family residential.

Zoning Classification of Adjacent Parcels:

North: R-1C One Family Residential.  
South: B-2 Community Business.  
East: R-1C One Family Residential.  
West: R-1C One Family Residential.

**ANALYSIS**

Range of Uses Permitted in the Proposed R-1T Zoning District and Potential Build-out Scenario:

PRINCIPAL USES PERMITTED:

All principal uses permitted and as regulated in the nearest R-1A through R-1E One Family Residential Districts.

Two family dwellings developed in accordance with the provisions of the Condominium Act, MCL 559.1, et seq.

One family attached dwellings as defined in sub-Section 04.20.44 developed in accordance with the provisions of the Condominium Act, MCL 559.1, et seq.

Accessory buildings and uses customarily incidental to the above principal uses.

USES PERMITTED SUBJECT TO SPECIAL USE APPROVAL:

Churches and other facilities normally incidental thereto.

Schools.

Child care centers.

Utility and public service buildings and uses.

Vehicular and Non-motorized Access:

The parcel fronts on Creston Avenue and Rochester Road, a major thoroughfare. The units will front on Creston and will face the back of a restaurant and an office building, including dumpsters. This may affect marketability.

Potential Storm Water and Utility Issues:

The applicant will be required to provide on-site storm water detention.

Natural Features and Floodplains:

The Natural Features Map indicates there is a drain located on the property. It will need to be determined during the site plan review process whether there are any wetlands on the property.

Compliance with Future Land Use Plan:

The Future Land Use Plan classifies the Rochester Road frontage in this area as Medium Density Residential. The Medium Density Residential classification correlates with the R-1T Zoning District in the Plan. The exact depth of the Medium Density Residential classification cannot be determined from the Future Land Use Plan because it is conceptual in nature. Creston appears to be the demarcation line between Community Service Area and Medium Density Residential. The subject parcel falls within the area designated as Medium Density Residential. The parcel is relatively small in area, however the applicant has provided a site plan that indicates it can be developed as an attached condominium development. The rezoning application is consistent with the Future Land Use Plan.

Compliance with Location Standards:

Article 12.40.01 states that the R-1T (One-family Attached Residential) District may be applied to property when one or more of the following conditions prevail:

- (A) When the application of such a classification is consistent with the intent of the Master Land Use Plan, and therefore involves areas indicated as medium density or high density residential.
- (B) When the application of such a classification would be an integral part of a planned residential development approach, such as a planned neighborhood development (34.50.00), wherein the overall density is consistent with the intent of the Master Land Use Plan.

The application meets the standard of (A) above and therefore meets the Location Standards of the R-1T District.

RE: Request to Rezone property located at  
5115 Rochester Rd., Troy MI 48085

To Whom It May Concern:

We are proposing to build five upscale three bedroom, two and one half bath condominiums ranging from 2,000 to 2,200 square feet. Based on our study we believe that the market demand is present for condos with the above mentioned specifications. This project should add to the immediate area acting as a buffer from Rochester Road to the residential subdivision immediately surrounding the subject property.

Should you have any questions or concerns please feel free to contact me at any of the telephone numbers above.

Fredrick Nassar, President  
Nassar Acquisitions
